

Pet Acknowledgment Form

Child Care Requirement .1719(b)(3)

Prior to enrollment of children in a family child care home, and before new animals that will be in the home come into the family child care home, a parent of each child must sign a form acknowledging the type of animal and where the animal will be during operating hours. This documentation shall be maintained in each child's file.

I understand that this Family Child Care Home has the following animals on the premises and that the dogs will be located outside the fenced area in the back yard, the garage, or in another room of the house and the cats will be located in another room inside the house.

Pets will not be accessible to the children or families during operating hours (Except maybe the old dog, Jessie, who is too senile to realize her collar is shocking her).
